5. Old Business -
  - a. Event #1 Review – attendance was good. 167 entrants and 6 runs! Good course, it rained in the beginning of the day. Maybe modify Learning Curve course to go along with this course. Lots of people running late, it says clearly on the all the fliers the start times. Radio batteries ran out, they might need to be changed out more often. There were also some computer issues and timing detector issues which held things up, all of which got fixed. Should split weekend registration off of the rest of registration to make it less crowded. Bill says it should be “less bad” at the next event. Remind corner captains that they need to attend the corner captain meeting right after drivers meeting and also to keep belongings away from the cones in grid so things don't get run over.
  - b. Event #2 Sunday, May 17 – Chairs John Paul Johnson and Donnie Bartalone -
  - c. Event #3 Saturday, May 30 – Chairs Dan Liccardi and Brian Regganie \*schedule change\* Sunday, May 31, changed to Saturday, May 30, still at Route 66.
