5. Old Business -
  - a. Event #5 review (August 23) - nobody remember this event ☺ so it must not have been bad. 160 for the turnout.
  - b. Event #6 review (October 4) - Liked racing into the solemn at an angle, also likes the turnaround. Disliked the maneuver before the finish. There were too many stand up cones. Overall it was good, could have just been a little more visually pleasing. Corner workers still need a little improvement, corner captains need to take charge. Need to also keep an eye on grid and watch for cars tripling up.

  - f. Nominations for Specialty Positions - We would like a back up for Youth Stuart along with Pat Montelo in case he is not there. Bill Crawford volunteered. Need a Chief of waivers, possible Jim R. Malone. Need somebody to do trophies at the event, JP Johnson will pick them up. We would like to do another training group so in case Aruch Poosapaya is not at the event there are more fill ins. Dan Vehe will take over timing and scoring. Need new chief of registration. We would like to bring back the Chief of Audit position and need somebody.
  - g. Year End Banquet - Banquet will be held at Chandlers in Schaumburg at 1pm. If you know anybody that might be able to help with door prizes lets get the balls rolling in this.
  - h. Winterizing Trailer - poison for mice laid out, need to count how many cones we have so we know how many we really need, improvements to the radio, rear tail lights are broken and need to get fixed, and the soft flooring in the trailer needs to get fixed.
  - i. Trophies - May be some talk about getting rid of trophies and going to a t-shirt or mug.
