### **2023 SCCA Worker of the Year**

The Chicago Region wishes to congratulate Julie Hammons, Land O'Lakes Region and Todd Heilicher, Chicago Region as they were honored as an SCCA® Worker of the Year, at the 60th running of SCCA's National Championship Runoffs®.

#### **2023 SCCA Race Administration Worker of the Year**

Julie Hammons, Land O'Lakes Region. Hammons is always calm and cool under pressure, while being easy to work with. In addition, she continues to work in Tech and has attended nearly all the Runoffs. At a Land O'Lakes event this year, the Region found itself short of workers, so Hammons worked with the RE to recruit drivers who had seldom or never volunteered, helping fill the gaps. She navigated the curveballs thrown at her, working together as a team to pull off a great event.

#### **2023 SCCA Race Data Technician Worker of the Year**

Todd Heilicher, Chicago Region. A member since 1978, Heilicher has been a racer, worked Emergency Services, driven a pace car, and recently took on a new challenge as a Race Data Technician. He supported the Hoosier Super Tours, traveling to events and managing the data box program with very limited resources. Heilicher has always been one to help wherever is needed, no matter his role, and does so in a selfless and kind manner.

**Congratulation - Chris Schaafsma  
Goes Flag-to-Flag to Defend HP Championship**

The Chicago Region SCCA wishes to congratulate Chris Schaafsma on his championship run at the 60th running of SCCA's National Championship Runoffs® in H Production (HP). Tire Rack Pole winner Chris Schaafsma, also the 2022 Chicago Region SCCA Driver of the Year and defending HP National Champion, slowly extended his lead to what ended up being a 16-second advantage on runner-up Sargis. During that run, Schaafsma turned a lap of 2:14.681, which reset the HP race lap record at VIR.

Chris, well done and again congratulations.

[Solo Report](#)

Sept 17th, we held our 6th points event of the year. It was a total monsoon all day. Low turnout or less than 100 braved the weather but were treated to a fast, fun and wet time. Everyone had 6 scored runs offered and all of the 15 driver novice class was offered trophy t-shirts at the end of the day.

The Annual Tripod Challenge is this weekend on October 7th and 8th. The Tripod Challenge is a competition between Milwaukee, Chicago, and Minnesota Region Autocross drivers. In recent years Minnesota has joined forces with Indiana and Iowa Region racers to field a team. Even with the combined effort, Helga the TriPod Trophy has remained in Chicago for a few years now. Last year Dan Simms earned the pleasure of taking Helga home in 2022. We are hoping to keep the Tripod Challenge winning streak going. Join the fun and help us out. The winner is determined by a bracket style shootout with the top 16 on index from each heat on Saturday. They then race head-to-head on Sunday until one driver emerges victorious. A "guess the winner" contest offers prizes for whoever fills out their 32 driver challenge bracket most correctly.

Registration for both days of the Tripod challenge is open Now!!! Don't miss out on your last chance to race Solo with Chicago Region SCCA this year! You do not have to attend both days. They will be run like normal Autox events, so join the fun at Rt66

GENEVA  
CONCOURS  
*d'Elegance*

**[Sunday, August 27, 2023](#)**

### **The Chicago Region SCCA at the 2023 Geneva Concours *d'Elegance***

The month of August was HOT, but the weather gods shined down on us on the fourth weekend of August 2023 which was a busy weekend for the Chicago Region and the weather was great! Saturday and Sunday saw the running of the Kettle Moraine Divisional Road Race at Road America. Also on Sunday the Region conducted its fourth "Concours for Sports Cars" as a featured group in the 2023 Geneva Concours *d'Elegance*. If you haven't attended the Concours you need to put it on your calendar. If you made it to the event this year you weren't disappointed. The weather was beautiful, sunshine all day, and the spectators were engaged and enjoying the cars.

The premise of the show is to celebrate the “Art of the Automobile” while strolling through the historic district of Geneva Illinois on the banks of the Fox River. The Geneva Concours' mission is to “*produce the best classic, exotic and race automobile event that showcases the heritage, artistic and engineering significance of the automobile in the surroundings of historic Geneva Illinois*”. That goal was met again this year with well over 200 cars on display from the Springfield Rolls Royce to Tuner Cars.

This year the Chicago Region's display had 32 cars entered, which included 4 race cars 4 autocross cars and two fantastic JCW Mini Cooper GP3 Track Day cars. The race car group included Tom Stephani's 1965 Genie MK10 CanAm car. Every once in a while, with some fan encouragement Tom would fire up the Genie's engine to applause from the crowd. There is nothing like the sound from a CanAm car. **The Genie received the Geneva Concours Carl Benz Award**, an award of distinction, presented to the car that best fits the judging criteria of the Geneva Concours. (The Benz Trophy is provided to us by the Geneva Concours, John Barrett.)

Next our **Chicago Region SCCA Diamond Award** which recognizes a car that was historically significant to the history of the club or the sport went to **Jeff Powell for his 1948 MG TC**. This car as experienced a full life, beginning in England, built in August of that year. From the factory this car was shipped to Sydney Australia passing through the hands of P&R Williams PTY, LTD the MG distributor and dealer in New South Wales. In 1966 Everett Smith from Brookfield IL., a writer and automotive magazine scribe purchased the car while on a six month sabbatical in Australia. Smith documented his travels around the country in the TC and published an article of the trip. Everett had the car shipped back to the Chicago area and enjoyed the car for 5 more years. The current owner Jeff Powell purchased the TC in the 1980's and completed an entire mechanical restoration of the car. With the restoration completed the car went to the racetrack with the Vintage Sports Car Driver Association (VSCDA) and began a thirty year vintage racing life.

Burt Levy joined the Chicago Region on Campbell Street again this year selling books, clothing, and other items straight out of Finzio's Sinclair back room. As Burt travels the concours shows around the country he presents his **Buddy Palumbo Trophy** recognizing vehicles which are maintained and driven by its owner. At our “Concours for Sports Cars” as part of the Geneva Concours d'Elegance Burt presents the Buddy Palumbo Award to one of our cars. Burt presented this year's award to Vic Descher for his 1978 Camaro, Burt also gave Vic a copy of his latest book “The 200 mph Steamroller, Book III, Out of the Mist”.

Burt was very kind and offered a book as a door prize gift to our concours participants, the winner was Richard Larson. If you haven't already read Burt's books you really should give them a try. Check out Burt's website [www.lastopenroad.com](http://www.lastopenroad.com) or give him a call and place your order at 708-383-7203 or email him at [Thinkfast@mindspring.com](mailto:Thinkfast@mindspring.com) .

Additionally, The Region's **Excellence Award** – Presented to vehicles that are outstanding, significant, and or aesthetically beautiful, went to six other cars, the list of winners are;

**Danial Samyn** for his Black 1960 Austin Healy 3000, what comes to mind when you think of Sports Car

**Rich Walke** for his 2010 Superformance Cobra MKIII replica, a beautiful car

**Mike Sizemore** for his 1967 Moretti Sportiva, one of only 200 built

**Rex Landem** for his 1972 BMW 2002

**Richard Larson** for his 1970 Datsun 2000

**Heidi (Breitenbach) Olszewski** for her 1969 Datsun 2000 DP Autocross race car

So, if you missed this great event, there are still some Solo Events, Track Day events and Road Races you can attend. But for a truly enjoyable day you need to push this event up to the top of your must do list. Mark your calendars for the fourth Sunday in August 2024 so you don't miss out again. Come join us in Geneva, IL, on Third Street in the heart of Geneva's historical downtown shopping district lined with shops, restaurants, parks and historical buildings. This event is open to the public at no cost making this a wonderful family event with something for everyone to enjoy and marvel. If looking at cool cars isn't enough for you and you would rather be talking to people about the cars in our display and our sport come join us. Enter your sports car, or race car when entry forms come out this coming winter. If you have a car you would like to enter send Steve Laske, at [laske.steve@gmail.com](mailto:laske.steve@gmail.com) a note with the cars information and a digital photo.

The Chicago Region SCCA is looking forward to this very significant automobile event for next year, and truly hope you can join us as well. The Geneva Concours has taken place for eighteen years and regularly draws well over 200 classics, exotics and racecars. The Concours organization is a Not-for-profit 501 (c) (3) organization promoting the "Art of the Automobile" to benefit the LIVINGWELL Cancer Resource Center, in Geneva, Illinois. The Chicago Region's participation in this event also supports this

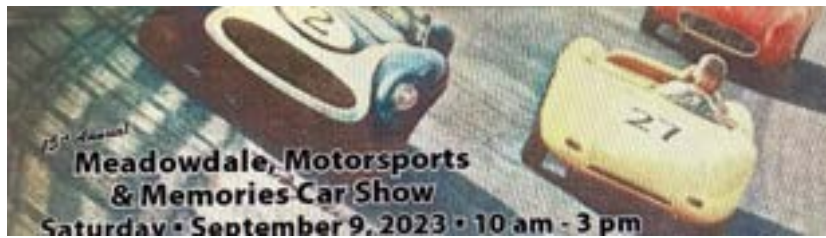

**The Region would like to thank all its members who brought out 30 display cars and the fun committee that helped put on the event and manned the Region's membership booth. Special thanks to Steve Laske for his hard work organizing and putting on the event.**

## [2023 Chicago Region SCCA Photo Contest](#) ["Just Got Better"](#)

As a throwback to the 1990's when the Chicago Region held a photo contest, the Activities Committee has established a photo contest as a vehicle to record our anniversary year with photographs. We are requesting our membership to take photos at all of our events through the end of October, using a digital camera or their cell phone. The photo categories' are open to the photographer's imagination. We are asking for photos of events, meetings, people (group or singles), action photos, quite moments, cars (both street and racecars) just about anything that shows who we are and what we are all about.

We only want digital photos and are requesting these photos are entered by the photographer through our link on the Region's Website <https://scca-chicago.com>. Once you're on the web site click on the "Contact Us" tab then click on "Media Submissions" in the drop down window. This will open the page to allow photo submissions. Make sure to record your name, the subject, and details about the photo so we know what it is about. The photos which are submitted will become property of the Region and may be used by the Region in Piston Patter and or other media promotions moving forward.

This is where it gets better! Starting with the month of June entries, a selection committee will review the photos and select one as the months out standing photo. The photographer of the monthly photo will receive a \$25.00 gift card. The photos which are selected each month beginning with June and running through the remainder of the year will then also go through a selection process. For the photographer of the photo chosen as the outstanding photo of the year, the Chicago Region will pay the photographer/member's 2024 annual membership dues.

### [Chicago Region - August Photo Contest Winner](#)

Congratulations Chuck Miller, your action photograph of the "Porsche at speed on Solo course" has been selected as the winner in the Chicago Region SCCA photo contest for the month of August. The

selection committee was very impressed with your photo of the Porsche Cayman at speed. The sense of speed is very evident, but even more impressive when you realize there is an orange pylon just behind the car which was almost blurred out of the photo.

Chuck is an active member of the Region's Solo / autocross group and his photo captured the action at one of our events. For his winning entry Chuck is the recipient of a \$25.00 gift card and his photo is now entered for the yearend award.

### **Chicago Region - September Photo Contest Winner**

Congratulations Erik Vandermay, your photograph of the "Miata on course at sunset" has been selected as the winner in the Chicago Region SCCA photo contest for the month of September. The selection committee was very impressed with your photo as it shows the dramatic sky and the tranquil track setting, quite the opposite of when the race track is alive with motion

Erik is an active member of the Region's Track Day/ Time Trial group and his photo captured the quiet time following an event when the track goes silent. For his winning entry Erik is the recipient of a \$25.00 gift card and his photo is now entered for the yearend award.
